### Description:

Highly skilled and expert trained therapists are at your service offering you the skin solution you deserve. Our treatments will leave you relaxed, rejuvenated and radiant from your inner to your outer sense of well-being. We want your visit to Ella Rouge beauty salons and day spa centres to be a pleasant experience with the utmost attention to personalised care and hygiene.

You are invited to try before you buy any skincare or beauty product at any Ella Rouge salon. All face and body treatments begin with a personal questionnaire, followed by a skin analysis with the latest skin scanner by one of our expert therapists. Your treatment focuses on what your skin needs on the day of treatment.
